

The Enneagram for Living Audio Course

A Journey of Insight and Personal Growth

The [Enneagram for Living pre-recorded audio course](#) is a course that explores human behaviour through the lens of personality. Everyone has a personality but most of us know very little about it. Exploring personality provides a whole lot of information that is usually hidden. Your eyes will be opened to new possibilities. For more details of the Enneagram check out 'About The Enneagram' PDF and also other Enneagram links on this website.

Course Content

The course consists of 12 units, delivered in 16 pre-recorded audio presentations. Part 1: *Enneagram Fundamentals* and Part 2: *Enneagram Advanced* each contain 6 units. Each unit has one or more audio files and a comprehensive workbook. The audio files vary in length from 20-50 minutes. All the audio files are also given in written form in the workbook, as well as take-home activities to consolidate learning. Course content includes: the Enneagram, personality, strengths, blind spots, social styles, conflict, instincts, behaviours, childhood patterns, spirituality and more. The course content is the same as that contained in other versions of The Enneagram for Living, but maybe ordered differently according to the medium of presentation.
